Dear Parents

NAPLAN
The schools NAPLAN results have arrived with our students performing very well in a number of areas. The relative growth of students from Grade 3 in 2012 to Grade 5 in 2014 is very high. This means there has been significant growth in students learning during this period. 2014 NAPLAN results are as follows:

Grade 5
Our Grade 5 students performed exceptionally well in Reading, Numeracy and Punctuation and Grammar. Scores in Writing and Spelling were strong showing high growth from Grade 3.

Grade 3
Our Grade 3 students also performed exceptionally well in Reading and Numeracy. Although the scores in the other Literacy areas of Writing, Spelling, and Punctuation and Grammar were around State means. They were not as strong as we would like them to be and we know that they can be.

We believe our Writing, Spelling and Punctuation and Grammar scores could be much stronger in Grade 3.

We have already started the process of up-levelling all students’ writing ability along with spelling and grammar and punctuation with the trialling of the VCOP writing program which will compliment writer’s notebook which is already in place in all classrooms from Prep to Grade 6. The VCOP writing program will continue to be researched and we will have dedicated a Curriculum Day next year for all staff.

We will also be carrying out an internal audit to look at strategies and approaches used in our writing and spelling programs to ensure our best practice is resulting in much higher writing scores according to NAPLAN.

NAPLAN reports will be mailed home this Friday. NAPLAN is a snapshot of student learning and should always be looked at as part of all assessment carried out during the year. Please feel free to talk to your classroom teacher or myself if you have any concerns around NAPLAN.

Welfare
As mentioned in previous newsletters please do not hesitate to contact Nicole Richards, Ariana Peters or myself if you have any concerns around your child’s academic or social development. Although your classroom teacher is generally your first port of call we are very happy to become involved in any issue.

Uniform
Elwood PS has a compulsory School Uniform Policy; however I have noticed many students out of uniform. Some students have been wearing non-school tops and leggings. Leggings can be worn under skirts, shorts or dresses but must be navy blue. Black is not a school uniform colour.

Ariana Peters
Ariana is our Acting Assistant Principal in the Senior School until the end of the year. Many of you may not have had contact with Ariana in the past. She has been based in the Junior School but now operates from the Senior School on Monday to Wednesday. Ariana has been our Learning and Teaching Coach and predominately worked with teachers from Prep to Grade 6 so all of our students know her very well.
Ariana will be working with our Grade 3-6 students and staff in a variety of areas from Wellbeing, Curriculum, Transition and Student Learning to name a few.

Staffing News
Maya Robinson will be finishing at Elwood PS at the end of this term. Maya will be travelling to the UK to join her husband who is studying to become a teacher. Maya has worked in Grade 4 and Prep in her time here having an impact on both students, teachers and parents she has worked with. We wish her all the best and know that she will be missed, especially by Prep M.

Ange Dawson will be joining us from the start of Term 4 to take Prep M. She is an experienced Leading Teacher who has had the last 12 months on leave to have her first child. We look forward to Ange joining us again.

Inappropriate Language
We are currently having a blitz on all inappropriate language in the school. Any students using inappropriate language will be sent to me to discuss the language they have used. A second offence will mean you will be contacted with a consequence implemented to help each student make better choices in the future. Please reinforce this at home with your children so that we can work together to make Elwood PS an even better place to be.

Parent Learning Walks
Parent Learning Walks commenced last week. These walks are conducted by myself to take you on a tour of our school to witness learning first hand. We visit classes from Prep to Grade 6 so that you see the progression of learning across the school and see firsthand the programs and philosophies we talk about in action.

Literacy, Numeracy and Inquiry Learning will be a focus as well as experiencing our wonderful school tone. Learning walks take approximately 1 1/2 hours with a thirty minute debrief at the end. Our second Learning Walk will be next Tuesday 16 September at 9:00am. To book your spot contact the office for next Tuesdays walk or any future learning walks which will take place every two weeks.

Writing Competition
Jack M (5A) won the 2014 Port Phillip Library Writing Competition in the 11-12 year age group. Jack’s story is called Runners. Here is the link to his fantastic story, Congratulations Jack.

Afterschool Pick-Up
A reminder to parents that students who are not picked up by 3.45pm will be taken into the office for collection. Students from Grade 3 to 6 who walk home must have left the yard by 3.45pm. After this time students can return to school to play but must have been home and obtained permission from their parents. The yard is not supervised after 3.45pm and therefore they are the responsibility of their parents.

Father’s Day Stall
A big thank you to Susan De Jersey, Merryn Sunderland and Kim Annesley for their exceptionally hard work in organising and manning the stall for two days. Thank you to all the other volunteers who helped to make the stall a seamless and enjoyable experience for our students.

Rob Cooti
Principal

School Hats
A reminder from the 1st September students must bring their hats to school to wear outside.

Remember No Hat - No Play

You Can Do It!

Term 3: Persistence
Persistence means trying hard to do your best and not giving up when something feels like it’s too difficult or boring. Examples of persistent behavior are continuing to try even when schoolwork is hard, not being distracted and checking work when it’s finished to make sure it’s correct.

This fortnight we will focus on: Giving effort

Giving effort means always doing your best, setting high standards and checking and finding ways to improve constantly. Ask yourself “Will second best really do? Is near enough good enough? Are you happy with just OK?”

Successful people tend to say “no” to these questions. They set themselves high standards and work towards these, always checking that their results are pushing their boundaries. They desire exactness; they strive for accuracy and always give their best effort.

It is not about trying to be "the best", but instead trying to do "your best". We believe that we are capable of improvement, that there are no (or at least very few) limitations on what we can achieve with appropriate effort and focus.

Giving effort means striving for accuracy, taking control of your goals and working towards them diligently.

YOU CAN DO IT!
Manners Matters
Respecting Property – Respecting Our School

We all enjoy our school. School means different things to different people, but everyone has their favourite place to be. For some people this may be reading a book in the reading corner or working on Investigations. For others it may be sitting with friends under the tree in the courtyard, playing footy in the park or using the play equipment and POD. Whatever you like to do, it is important that we look after our school, both inside and outside, so that it is a pleasant place to be.

Respecting our school means making sure we work together as a team to keep it clean and free from litter. It means making sure that no-one damages the buildings, furniture or school equipment. The trees, gardens and outdoor environments need to be respected too.

This is our school. We are proud of it and we should all continue to work hard to ensure that it is a clean, safe and happy environment for everyone.

Respecting property – respecting our school - shows everyone that we are thoughtful, considerate and friendly children.

All part of being an Elwood Kid.

MANNERS MATTER AT ELWOOD PRIMARY SCHOOL!

Our Global Calendar

Our Global calendar is a way to celebrate significant cultural and environmental events and is a terrific springboard for conversations at home! What’s on in the coming weeks?

14th September: Big Red Kidney Walk
Kidney Health Australia's Big Red Kidney Walk is designed to help raise awareness and funds for kidney disease across Australia. It is an event that brings the kidney community together for a family fun day where people can meet, go for a walk or run and enjoy entertainment. You can go to this website for information: www.kidney.org.au/

17th September: Australian Citizenship Day
The day is an opportunity for all of us to take pride in our citizenship and reflect on the meaning and importance of being Australian. It is a chance for all of us to think about the events and people that shaped our nation. We also reflect on the role we play in building Australia and shaping our future.

21st September: International Day of Peace
The United Nations' International Day of Peace - marked every year on September 21 - is a global day when individuals, communities, nations and governments highlight efforts to end conflict and promote peace.

Intention for Next Year

I wish to advise that my child/children will NOT be returning to Elwood Primary School next year.

Student/s Name/s & Grade/s:

We would very much appreciate your comments/feedback to assist with future planning.

☐ Moving family home:
☐ Family moving Interstate:
☐ Transferring to another Vic State School: Name of School
☐ Transferring to Private School: Name of School
☐ Other: I am happy for a member of the school staff to contact me.

Parent Signature: __________________________ Date: __________________________

PLEASE RETURN TO THE SCHOOL OFFICE AS SOON AS POSSIBLE
21st September: World Gratitude Day
On World Gratitude Day we should focus on what we are grateful for and appreciate what we have, rather than what we want or think we need.

24th - 26th September: Rosh Hashanah
Rosh Hashanah is a Jewish celebration that is commonly referred to as Jewish New Year. It is a time of casting off sins and preparing for a new year.

25th September – 3rd October: Navaratri
Navaratri is the Hindu festival that translates to "nine nights". It is a festival for followers to invoke the energy of the Universal Mother.

29th September: National Police Remembrance Day
The National Police Remembrance Day honours the memory of those police men and women who have given their lives in the service of the community.

1st October: World Cerebral Palsy Day
World CP Day is a global innovation project to change the world for people living with cerebral palsy and their families. It is designed to gather ideas from people around the world and make the best of those ideas a reality. The project is led by a group of non-profit cerebral palsy charities, and supported by organisations in over 30 countries.

Month of October: Mental Health Month
October is Mental Health Month, and the theme is ‘Kindness: little acts, big impacts!’. Get involved by planning a small event with your friends, family, workmates, or local community.

1st - 7th October: Be Kind to Animals Week
Be Kind To Animals Week is an opportunity to take a step back from our busy lives and think about those that ask nothing of us. During the first week of October (1-7th) please do something to celebrate your concern for animals worldwide.

2nd October: World Smile Day
The idea of World Smile Day was coined and initiated by Harvey Ball, a commercial artist from Worcester, Massachusetts. He is known to have created the yellow Smiley Face in 1963. The World's first World Smile Day was held in the year 1999 and has been held annually since.

Enjoy your upcoming weeks and school holiday, relax, reenergize and enjoy time together.

Why not make every day World Smile Day!
Nicole Richards … Assistant Principal

Elwood Student Council - Canned Food Donations
It was great to see the bright colours on Tuesday! Your gold coin donations support the work of Sacred Heart Mission. Canned food is also being collected in your child’s classroom until this Friday. These donations will help feed those in need in our community. No clothing or any other donations please. Thank you for your support in providing a brighter day for those less fortunate.

Sarah Clair & Brooke Crawford

2A’s Wonderful News
2A are raising funds for the Indigenous Children’s Literacy Foundation http://www.indigenousliteracyfoundation.org.au which supports the translation of Early Childhood books into various Aboriginal Languages for Indigenous students in Remote Communities.

We do this via a weekly ‘gold coin’ day (usually Friday) until the end of the school year, whereby our 7 and 8 year old students have to earn their coins doing various jobs, at home and at school.

2A had their OWN STALL at Saturday’s school market and raised $730 by selling second hand books and toys – a fantastic effort!

So far we have raised $1,100 PLUS a $1,000 donation by the Kindred Spirits Foundation (the family of one of our students) gives us a grand total so far of $2,100 (enough for about 420 books). Of course, anyone from the EPS community may contribute to our class jar.

Below: Article from the Port Phillip Leader

Thank you also to our FANTASTIC PARENTS who have so generously contributed time and effort in supporting us in this venture.

Adele Meren
What's happening during weeks 9 & 10
at Elwood Primary School?

Level 1 (Prep)

Literacy: This fortnight we will be continuing to practise our amazing handwriting by looking at upper and lower case T, B, K, H and D. When reading, we will be working on our fluency by noticing when we need to stress certain words in a sentence and taking notice of when we need to pause for a full stop. We will look at how to help ourselves decode unknown words by skipping them, reading on and then rereading the sentence to assist us when figuring out what they could be. We will be writing all about our excursion and farm animals, such as reflecting on our experiences and learning about animal babies.

Maths: Over the fortnight we will be focusing on the concept of Time. We will be discussing the differences between day and night, learning about the months of the year and comparing weekend events to weekdays. We will also be hearing and learning about the four seasons of the year, how the weather looks and what changes may occur.

Investigations: For the remainder of the term we will be focusing on all things related to farm animals! We will talk and discover a lot about animal habitats, life cycles, animal sounds and how animals survive.

Other: We hope that all of our Prep families have a safe, happy and restful holiday. We look forward to seeing you back in Term 4, for the last term of Prep!

Level 2 (Year 1 & 2)

Literacy:
This week during writing sessions we will be identifying letter patterns related to our whole class spelling focus, practising the formation of letters æ s x ç and the number 7 and working through the writing cycle of the students’ personal choices of writing. Mini lessons will include punctuation, narrative features and adjectives, verbs and nouns. During our reading sessions we will be analysing the text. We will be recognising the author’s intended purpose and identifying how an author uses language to make a story funny or surprising. In the final week of term we will be celebrating our author study. Our speaking and listening focus is using a variety of strategies to engage in group and class discussions and make presentations to their peer group.

Maths:
This week we are continuing with multiplication. Children will be practicing a variety of strategies to solve multiplication problems such as skip counting, repeated addition and arrays. We will be practicing the automatic recall of number facts from 2, 3, 4, 5 and 10 multiplication tables. The following week is shape, transformation and symmetry. The children will be working with 2D shapes and 3D objects, explaining the effect of one-step transformations and identifying symmetry in natural and constructed environments.

Investigations:
We will be focusing on our class and whole school behavioural expectations. Our cognitive focus is what steps are involved if we find ourselves in a disagreement; thinking before reacting. We will be using the language involved when calming ourselves down.

Sustainability: Water
We will be investigating…
How we can be a leader in saving water? Do all plants drink the same amount of water? How much rain falls during a rainy day?

Grade 2 Sleepover!
We are counting down the days to this year’s Grade 2 Sleepover. It’s safe to say we’re excited about it! Bring on Friday the 12th.
Level 3 (Year 3 & 4)

**Literacy:** During writing sessions students are focusing on revising their writing. They might choose to improve some of their word choices or their sentence starters. After revising and editing students are publishing their work either digitally or by hand. Spelling continues to be a focus within Level 3 and all students regularly practise using the spelling strategies to make accurate choices about how to spell words.

**Maths:** Students in Year 3 are continuing to explore fractions. During maths sessions we are investigating equivalent fractions and solving problems containing fractions.

**Inquiry:** Everyone is in the process of drafting and publishing their individual historical Education Research Projects. Students are choosing their own creative ways to present their research and ideas range from biographies on famous Aboriginal artists to information reports on Dreamtime stories and from the origins of A.F.L to Aboriginal games, hunting tools, bush tucker & European settlement.

**Other:** The Year 3 students would like to invite you to share their ERPs in their Time Travelers EXPO which will be held on Wednesday 17th September (times to be confirmed by your child’s class teacher) in the Grade 3 classrooms.

---

Level 4 (Year 5 & 6)

**Literacy:** In reading grade 5 classes are consolidating the skill of synthesising and analysing characters throughout a variety of genres. Grade 6 classes are focusing on analysing the texts that we read. We are exploring symbols that authors use to convey meaning as well as analysing language choices. We are working on using evidence from the text to justify our opinions.

In writing, grade 5 and 6 classes are returning to their independent writing having published their explanation texts. Students will continue to work through the writing cycle at their own pace, improving their texts through peer and teacher conferences. They are also writing up their inquiry project research, developing their skills at putting information into their own words.

**Maths:** Grade 5 classes are well under way with their fractions, decimals and percentages unit. We are learning about equivalent fractions and naming and renaming improper fractions. We will be placing fractions on a number line and beginning to explore the link between fractions, decimals and percentages. We will move into looking at strategies for solving addition and subtraction problems with fractions and decimals.

Grade 6 classes are finishing their geometry unit and moving on to learning about chance and probability. We will conduct chance experiments with both small and large numbers of trials and examine the variation of results.

**Inquiry:** Students in grades 5 and 6 are well under way with their research projects. They are working on conducting experiments, gathering data and researching their topic and preparing their project to present to the classes in week 10.

**Other:** Grade 6 classes had their first full run through of the production this week and have begun to put together their costumes. Tickets are selling fast so don’t miss out on your chance to see Elwood Primary School’s Grade 6 performance of Crikey, It’s a Good Yarn. Secure your ticket by going to http://www.trybooking.com and clicking on Buy Tickets. You can search for our show simply by typing in the word Crikey.

ELWOOD OSHC

SUPPORTING THE SMITH FAMILY’S BACK TO SCHOOL APPEAL

At Elwood OSHC, we believe that all children should experience a positive primary school education. We will be raising funds for the Smith Family’s ‘Back 2 School Appeal’ and the ‘Learning for Life program’. The funds will help support disadvantaged children all throughout their education; providing funding for mentors and financial assistance to help families afford the cost of their children’s essential education items.

We will be holding a movie session to help raise funds. Each child attending is asked to bring a gold donation.
