Dear Parents

**Uniform Shop moves offsite**
From Monday 28 November our uniform shop will move offsite to the PSW retail outlet at Unit 1, 596 North Road, Ormond.

This decision has been based on many factors and we believe it will give our community a better service in many ways.

- The school will no longer have to hold up to $30,000 in stock which will be free to use for school resourcing
- Moving the uniform shop will free up much needed space in the school
- PSW will pay the school a commission based on sales
- All current stock will be repurchased by PSW
- There is almost no difference in pricing

By moving to their retail outlet parents will be able to:

- Access the shop form Monday to Friday between 9.00am – 5.00pm
- Access the shop on Saturday mornings between 9.00am – 1.00pm
- Order uniform online and have it delivered to the destination of your choice
- Use the PSW layby facility

We will still sell hats from the office and the 2nd hand uniform shop will still be available.

A detailed flyer is attached to the newsletter.

**New portable to be installed**
Due to our increasing student numbers to over 800 and from 33 to 35 classes in 2017 we will be taking delivery of a double portable before the end of the year.

It will be located in our current Grade 4 area that has three portable classrooms already. The current timber sheds will be demolished with the contents moved to a container. The new portable will enable all Grade 4 classrooms to be in one area.

**Student Placement 2017**
Teachers will begin the complicated and time consuming task of working out grades for 2017 shortly. Our aim is to produce the best possible combinations of students to encourage maximum learning and teaching in each classroom.

This is the process that teachers will follow:

- Students will be asked to list four (4) students they work well with (Learning Partners) and would like to be with in 2017. From this list we guarantee each student one (1) Learning Partner.
- Teachers then compile grades that have an even spread of abilities, personalities and take into account which students work well together and which don’t.
- These lists are then read by the previous grade level coordinator to check that students have been placed correctly.

Lists are then finally checked by Nicole, Jay and myself. This process will take most of the next month with students finding out their new grades and teachers on transition day Tuesday 6 December. Our staff spends many hours working out the best possible grade combinations and are very focussed on producing the best student combinations.

No changes to grades will be made after transition day on December 6th.
If you have any concerns about the placement of your child, they need to be placed in writing with an appointment made to discuss them with Jay, Nicole or myself. These need to be based on Educational or Emotional grounds and brought to our attention with a meeting no later than Friday 18 November. (Meetings must be held on or before 18th November)

Our focus will be framed under the Learning Partners context in all situations.

Emails or letters without an appointment will not be considered.

Requests for particular teachers because you would prefer them will not be entertained.

Grade 6 Productions– Alohargh
Congratulations to our Grade 6 students and teachers who put on a fantastic show last Wednesday and Thursday nights. The production enabled many students to really shine with everyone involved in a stage production building confidence, making new friends and having to show persistence and team work.

Many thanks to Tim Ghys, Louisa Dretzke, Ryan Murphy, Jad Ryan and Jenny Zimbachs for their many hours of dedication and commitment. The original production was written (including music and lyrics) by Tim and Louisa with musical assistance form Kaz.

Essential School Items
Every student is charged for essential school items which covers their booklist, excursion entry fees and travel, incursion entry fees, sports programs and all other School Council approved programs ie Mathletics, Reading Eggs, Kitchen Garden and Asia Week celebrations. It is vital that these program fees are paid to continue delivering the student outcomes we have all come to expect.

There are currently quite a number still not paid. If you are not sure whether you have paid or not please contact the school office. If you are experiencing any difficulties with payment, please contact the Principal via the school office on 9531 2762.

Have you seen the new chickens?
If you visit the garden you will see the new additions to our family. There are two magnificent large chickens painted on the LTC canal facing wall. A huge thank you to Tori Burke who has painted and worked on the chickens with every student from Grade 3 & 4. Tori painted the chickens and each student completed some potato printing to put the detail on.

Rob Csoti

Library Fun Facts
As we are coming to the end of the school year, we thought we’d showcase some interesting and fun facts about our library:

Total number of books in the library: 18,143

Brand new books added to our catalogue this year = 975

Books borrowed this year = 12,939

Most popular books this year:
1. “The Wrong Book” by Nick Bland
2. “Captain Underpants and the wrath of the Wicked Wedgie Woman: the fifth epic novel”
3. “Jungle Drums” by Graeme Base
4. “Captain Underpants and the perilous plot of Professor Poopypants: the fourth epic novel”
5. “Geronimo Stilton: Lost Treasure of the Emerald Eye”
Feel free to pop in and see us in the library at any time...we’d love to see you.

Ange & Debbie

ICT at EPS
We have had a very busy start to the term with ICT here at EPS! We have almost completed our school-wide Cybersafety Education focus, with Skype and face-to-face sessions being held in most grades (Grades 4 and 5 to come). We have also achieved eSmart status so look out for the big sign that just arrived and will be on the school fence soon! By being an eSmart school, we have shown a strong commitment to ensuring a cybersafe (eSmart) environment for our students and staff.

Some conversation starter questions to ask your child/ren:

- **Prep parents** – How do you change the size, colour and font in Word? Do you know how to do upper and lowercase letters too?
- **Gr1 parents** – Can you tell me a few things I need to think about when I create a username?
- **Gr2 parents** – Can you show me the search options when I am doing a Google image search?
- **Gr3 parents** – Can you log on to your GAFE account at https://www.edustar.vic.edu.au/google and show me your folder organisation and sharing skills?
- **Gr4 parents** – What was your GAFE Form about?
- **Gr5 parents** – What is your infographic about? What do you need to do to make a good infographic?
- **Gr6 parents** – Are you using Code Combat, Bitsbox or another tool in ICT? What exactly does it do?

Music News
Grade 3/4 Choir
Students in Grade 3/4 Choir will be performing at the Bay Street Festival on Friday 2 December at 5:00pm. Everybody is welcome to come along. We’ll perform along with other schools from the local area. We’ll sing in a small competition judged by local artists and perform in a culminating item with other schools singing You’re The Voice as sung by John Farnham.

All participants please sign and return the permission slip and media release form.

Summer Soiree
Thank you to those who have returned the form for the Summer Soiree being held in the JLC, Thursday 8 December at 4:45pm. The information on the form will be used to make the program in advance of the concert. Students who are learning an instrument or take singing lessons with our teachers Dean, Jesse and Lauren are encouraged to be there and have fun performing for an enthusiastic audience! You can find extra forms at the office.

Family Picnic - Wednesday 30 November
We are getting closer to our Family Picnic where many students will be performing. Prep, Grade 1 and 2 Choirs will be performing their songs from throughout the year. The School Orchestra, Grade 3/4 Choir and Senior Choir will perform too! We’ll be treated to hearing The Padres and finally the Yard Duty Birds will be back on the road with new material and wrap up the night by 7.30pm.

More information will come out soon. Hope to see everybody there to celebrate together what has been another amazing year at EPS!

Performance Attendance
Good luck to all the students preparing for their concerts on various instruments. Keep practicing and do your best! Just a reminder to please let your teachers know in advance if you won’t be attending your concert for any reason. Thank you for your courtesy.

Kaz Sieger

The Art Room needs your help
We would love to take your old newspapers off your hands and use them for our many creative projects. If you would like to donate any please leave them at the Senior Art room whenever you’re passing by. Thanks in advance

Leanne

You Can Do It
Term 4: CONFIDENCE
Confidence means….feeling I can do it. Confidence also means not being afraid to make mistakes or to try something new. Confidence also means standing up tall and speaking with a clear voice (not too loud, not too soft).

Work confidence means choosing to participate in new, difficult activities or classes, doing hard work without asking for help, offering to take responsibility and trying problems and answering questions when not too sure of the answer.

Social confidence means meeting someone new, sharing ideas with classmates, speaking in a clear voice so that you are heard and starting up conversations.
This fortnight, we focus on Respecting the Opinion of Others.

If people feel that you respect what they say, they will enjoy being with you and talking to you. They will feel safe around you because they know you respect their feelings and their opinions. They will share with you and form better friendships because they know you will not put them down or laugh at them.

All of us have the right to express ideas and opinions and often our ideas are different from other people. We all see the world differently and often that is a great thing.

If you respect someone’s right to offer an opinion, you will get along better with people and learn so much more. You may not agree with them, but you can respect them.

What you can try:
* If you don’t agree with what someone has said, try to think about anything they have said that you do agree with
* Speak in a calm and courteous voice
* Say the part you do agree with first before you say the part you disagree on
* If you cant agree with anything the person said, at least them know you were listening and be respectful.

What you should avoid:
* Don’t just focus on what you disagree with
* Don’t get angry or sarcastic
* Don’t just knock ideas. Come up with an alternative plan.

You Can Do It!
Nicole Richards & YCDI Leaders

Mindfulness Week

I’d like to say a big thank you for your commitment to Mindfulness Week which took place a few weeks ago. We witnessed many of you taking the time to step back, calm your minds and bodies down and engage in some mindfulness meditation. It was so lovely to wander around the classrooms seeing students drawing pictures of things that made them feel happy, doing mindfulness colouring in and stretching and breathing during the yoga workshops.

An extra special, big thank you to Paul from Yoganauts, Christina Redlich, Vera Steinhaus and the Prep team for facilitating such wonderful mindfulness, yoga and meditation activities at the school. We managed to raise $876.43 for the Smiling Mind organisation, which relies heavily on donations to be able to develop and offer mindfulness programs and deliver the free app in schools and homes across Australia. Some wonderful images below.

So thank you and well done!
Jess Farrelly (Smiling Mind Ambassador)
Manners Matters

Listening
Listening is a very important social skill to develop as it allows us to access learning, recalling information, shows we care about others, models good conversational skills and allows us to interact in social situations.

Part of being interested is showing interest in what others have to say. You show interest and courtesy mainly by: Listening and Asking good questions.

Listening Do’s and Don’ts
*DO look at the person who is talking
*DO stand or sit still when you’re listening
*DO pay attentions and think about what is being said.
*DO show that you have been listening by asking a good question based on what the person has said.

DON’T look at the ground or other things around you
*DON’T fidget
*DON’T let your mind wander
*DON’T just concentrate on what you want to say next
*DON’T ask questions that change the topic

Good listening shows others that you are thoughtful and considerate. All part of being an Elwood Kid.

Manners Matter at Elwood Primary School!

Our Global Calendar
Our Global Calendar is a way to celebrate significant cultural and environmental events and is a terrific springboard for conversations at home! What’s on in the coming weeks?

6-12 November: National Psychology Week
National Psychology Week (NPW) is an initiative that aims to increase public awareness of how psychology can help people and communities lead healthier, happier and more meaningful lives. We take this opportunity to thank our two amazing psychologists, Daniela and Theresa, who work with us; students, teachers and parents and make such a positive contribution to EPS.

8 November: Tara Day (Buddhist)
The eighth of every month is Tara Day. Tara is a female Buddha, whose name means Rescuer; she is the embodiment of swift compassion. Buddhists rely upon Tara sincerely and with strong faith and believe she will protect them from all obstacles and fulfill all wishes.

8-14 November: National Adoption Awareness Week
National Adoption Awareness Week (NAAW) is coordinated by Adopt Change and is designed to raise awareness of adoption and provide education on the support needs of children and families. NAAW aims to increase insight and understanding through a series of specialist and community-based events exploring the experiences of children and families through local and intercountry adoption and promote reform of Australian adoption laws and practices to facilitate a pro-adoptive community. For more information you can visit: www.adoptchange.org.au

11 November: Remembrance Day
Remembrance Day marks the anniversary of the armistice which ended the First World War (1914-18). Each year Australians observe one minute silence at 11 am on 11 November, in memory of those who died or suffered in all wars and armed conflicts.

13 November: World Kindness Day
The purpose of World Kindness Day is to look beyond ourselves, beyond the boundaries of our country, beyond our culture, our race, our religion; and realise we are citizens of the world. As world citizens we have a commonality, and must realise that if progress is to be made in human relations and endeavours, if we are to achieve the goal of peaceful coexistence, we must focus on what we have in common.

14 November: World Diabetes Day
The World Diabetes Day campaign is an event used to increase understanding of diabetes, and to raise funds for research.

Enjoy your upcoming weeks, whatever it holds or whatever you are celebrating! Celebrate World Kindness Day everyday!

Nicole Richards … Assistant Principal

Elwood Primary School
Scott Street,
Elwood VIC 3184

IMPORTANT REMINDER: TELL US IF YOUR CHILD IS NOT GOING TO ATTEND

Camp Australia is committed to providing the Elwood Primary School community with a quality program that is safe and fun for all children. A key part of this commitment is ensuring that children arrive safely at after school care at the end of the school day. This is a responsibility we take seriously and we have escalation processes in place for when a child cannot be located, including contacting the police and reporting the child missing.

Recently a number of families have made other arrangements for children without letting us know. This has resulted in a significant amount of time, effort and stress being expended by staff, the school and police in trying to locate the child and ensure that they are safe. Each time this non-arrival process is undertaken, the activities for all children at After School Care must be restricted until the missing children are located.

To avoid this unnecessary stress and effort, please remember to notify Camp Australia’s Customer Service Team on 1300 105 343 if your child is booked into a session they will not be attending.

Thank you in advance for your cooperation on this important matter.

Kind Regards,

Louise McConnell
Regional Manager
SALE CHICKS UP FOR ADOPTION!

For the past week, the Grade Ones (and the rest of the school) have enjoyed having the ‘Henny Penny’ program at our school. We have watched them hatch, cared for them and learnt all about the life cycle of chickens. We have approx. 24 baby chicks up for adoption on Thursday 3rd November!

Read the tips below before adopting and bringing home your new feathery friends.

Prepare for Enough Space: Those tiny little chicks will grow up and will need enough space to live in. Prepare for a space when they are young and for when they are old enough to be transferred outside into a chicken coop. If you are looking to provide your family with steady supply of eggs, you will want between four and six chicks. There are many different options and styles for chicken coops, and you can even make one yourself! Inside the coop there should be a nest box for laying eggs, perches where the chickens can sleep, an outdoor area (weather permitting) where the chickens can eat and run around and dropping boards or straw to collect the poop. Make sure to lock the coop each night with the chickens inside to protect them from other animals. Make sure that the coop is well ventilated.

Bringing the Chicks Home – The chicks will need water immediately. Once you transfer them into their new home, keep an eye on them. You want to make sure they can find the food and water. If they are not eating or drinking, show one chick where the water and food is. Once one of them figures it out, the others will follow. You will also need to adopt 2 or more chicks (not just one on its own)

Schedule – Baby chicks require constant care. They should be checked on at least five times a day for the first four weeks.

Upkeep – The chicken coop will need to be cleaned at least once a week, but you should rake the straw around once a day. Make sure to have a feeder and feed, a water container, and dust free wood shavings for the floor.

If you are interested in adopting a feathery friend and/or ordering a take-home chicken pack, please see a Grade 1 teacher by Thursday 3rd November or alternatively email du.diana.d@edumail.vic.gov.au

Take home chick packs are available for $30 (cash on pickup), they include:
- 1 large feeder
- 1 large drinker
- 2kg chick crumble
- Shavings for bedding
- An adoption certificate
- Information sheets
* you will need to bring a box to school on the day you pick them up 😊

Please note: we are unable to tell at such an early stage as to whether the chicks are male or female and roosters are not permitted to be kept in this area.

More information can be found at... http://www.portphillip.vic.gov.au/animal_registration.htm (scroll right to the bottom of the page)
What’s happening during Weeks 5 & 6 at Elwood Primary School?

Level 1 (Prep)

Literacy: In Literacy this fortnight, we will be looking at the blend ‘cr’ and how we use it to spell words. When reading, we will be learning how to interpret and read images and pictures in a text. For our Big Talk and Big Write session we will be completing a cold write in week 6. When writing, we will be focusing on using connectives such as and, because, so.

Maths: During maths this fortnight we will be continuing to learn about addition and the different strategies you can use to solve problems. We will also be revising place value, sharing and subtraction.

Investigations: During investigations we are continuing to investigate different types of mini beasts, their life cycles, habitats and food. We have been posing questions to the children such as: Where do they live? How do they survive? What do they look like? How many body parts do they have? We will also be practising our Manners Matter/YCDI foci which are ‘Respecting the Opinion of Others’ and ‘Listening’.

Level 2 (Grade 1 & 2)

Reading: In week 5 we will be practicing the comprehension skill of making connections. Students make connections between books (text to text) between the book and themselves (text to self) and between the text and the world (text to world). Making connections helps us dig deeper in to a text and further understand the meaning of a text, both fiction and non-fiction. In week 6 we will be immersing ourselves in to the text type of recounts. We will be analysing the purpose, structure and language features such as nouns and adjectives.

Writing: This fortnight is a Writer’s Workshop cycle which means that students are choosing pieces to write based on their interests and passions. The VCOP focus this fortnight is punctuation so students will be playing lots of hands on games involving up-leveling sentences to make them more enticing for the reader. The handwriting focus is cup letters that start at the body line and form a cup shape, these are u, v, w and y. The grammar focus for this fortnight is adverbs. Our next Big Write will be in week 6 and it is actually a whole school Cold Write.

Maths: This fortnight the Grade 1 and 2 students are revising operations and other mathematical concepts. They are also investigating, predicting measuring and comparing the capacity of familiar items. They will be using language such as heft, capacity, litre, full, empty, half full, quarter full, holds the same amount as, more than a litre, less than a litre, volume. This is a great concept to make links with at home whilst cooking, you can even make links at the supermarket.

Investigations: During Investigations students are discussing and practicing our You Can Do It focus of being good a listener. They will also be focusing on respecting the opinions of others as well as thinking about how we show respect such as looking at someone when they are speaking to us, positive body language and responding with appropriate questions.
Level 3 (Grade 3 & 4)

Literacy: Our Year 3’s are continuing to explore a variety of ways to summarise texts. During book club and whole class mini lessons they will use a range of graphic organisers to support the thinking process whilst summarising. They are investigating the features and structures of non-fiction texts and will begin to write their own information reports. Our Year 4 students are continuing to question, focusing on the types of questions they may ask themselves whilst they are reading. They are also looking at the strategies used to persuade an audience in a persuasive text. This week all students will take part in a Cold Write which will be used for assessment purposes.

Maths: With camp in week 6, Year 3 will begin to explore location. They will look at the language associated with maps and learn to interpret them this information. The Year 4 students are exploring number patterns – identifying patterns in a sequence of numbers and developing rules for their own patterns to explain to a friend.

Inquiry: All classes will continue to explore their key learning intentions through hands on learning tasks. Year 3 are learning about the scientific method of experiments and making predictions based on their prior knowledge. Year 4 investigate their unit through Biology rotations where all students are learning about the life cycle of pets (eg Butterflies and Stick Insects).

Other: Both Grade 3 and 4 will have a great outdoor team building adventures at “Lady Northcote Camp” in Bachus Marsh and “Camp Manyung” in Mornington next week!

Level 4 (Grade 5 & 6)

Literacy: In Reader’s Workshop Grade 5 students are learning about how good readers automatically synthesise when they read. We will begin noticing and recording notes of when our thinking changes as we are reading. We will be practicing these skills in our Book Club groups and be ready to share our own personal synthesis’ when sharing with our group. Grade 6 classes are learning about the film making elements of sound and shot choice. We are learning how the element of Sound includes music, background noise, sound effects, speaking and silence and that shot choice includes the angle and distance the camera is from the subject.

In Writer’s Workshop Grade 5 students have enjoyed exploring a variety of different styles of poems. Now we are learning how to write several different formats of poetry including haikus, cinquains, rhyming and diamante poetry. We will be practicing using figurative language in our poetry to make it more authentic, creative and evoke emotion from readers. Grade 6 classes are continuing to explore ways that we can make our non-fiction writing more interesting. We are looking at ways we can use descriptive language, varied sentence lengths and literary devices to make our recounts, explanations and information reports more engaging and varied.

Maths: Level 4 students are beginning a new unit on Geometry. Grade 5 students are reviewing the language we use to describe shapes and how to identify and classify shapes. Then we will learn how to connect three-dimensional objects with their nets and other two-dimensional representations. Grade 6 classes will begin by constructing simple pyramids from nets and skeletal models and defining, measuring and calculating acute, obtuse and reflex angles and angles on a straight line.

Inquiry: In inquiry, Grade 5 students are continuing to enjoy learning about space using a variety of media including videos, books and the internet. We will begin to focus on the sun, its size, distance from the Earth and its role as the energy provider for Earth. We are also beginning to brainstorm topics of interest for our Educational Research Projects this term.

Grade 6 classes are continuing to explore and learn about chemistry. We will be investigating the idea that changes to materials can be reversible, such as melting, freezing, evaporating; or irreversible, such as burning and rusting. We will also begin to think about how we can use the Scientific Method to design our own experiments for our Educational Research Projects.
